Dear Collection Manager,

Re: Your Access Code _____ Fingerhut Account # _____

This letter is in response to a collection notice which I received from your company, dated March 3, 2011. Your letter states that your agency is attempting to collect a debt pertaining to a creditor listed as Fingerhut, dated August 16, 2002, with alleged purchases dated May, 1997. Prior to March 09, 2011 I have never been notified of this collection/alleged debt.

As per the FDCPA, I have the right to request a validation of this debt. I request you to prove that I am indeed the party who is by contract obligated to pay off this debt. In addition, I request all future contact from your company via the United States Postal Service. I also do not authorize you to contact a third party regarding the alleged debt.

I hope you are aware of the fact that reporting any invalidated information to major credit bureaus may constitute defamation of character, as a negative listing on a credit report does not allow me to enjoy the benefits of good credit. In addition, you must also be aware that until you validate this debt, you can neither continue collection activities nor report this information on my credit report. I'm sure your legal staff will agree that non-compliance with this request is likely to put your company in serious legal trouble with the Federal Trade Commission (FTC) and other state/federal agencies.

Please attach copies of the following documents:

1. Agreement with your client that authorizes you to collect on this alleged debt.
2. Agreement that bears signature of the alleged debtor wherein he promises to pay the creditor.
3. Complete payment history on this account so as to prove that the debt amount you wish to collect is correct.
4. Proof that your company is licensed to collect debts in the state in which I reside.
5. Proof that the alleged debt is not past the state of Virginia's statute of limitations.

Please also be advised that I will be forwarding all correspondence to my attorney.

With regards,

s/Rebecca Peterson
